<p>1        themselves.</p> <p>2            Q     All right. Let's just make sure 3 we round out the list here.</p> <p>4            Any other certifications involved?</p> <p>5            A     Well, I have others after this 6 period. Do you want me to go through those as well?</p> <p>7            Q     So, when you say "this period," 8 what period are you talking about?</p> <p>9            A     I am talking about the period 10 where I was working for internal audit and up to the 11 report.</p> <p>12          Q     And by "the report," what report 13 do you mean?</p> <p>14          A     The report on dividend tax that I 15 authored back in 2010.</p> <p>16          Q     Okay. So, if I understand you 17 correctly, the three certifications we just talked 18 about are the certifications you had prior to 19 authoring that report, right?</p> <p>20          A     Correct.</p> <p>21          Q     Okay. No, we don't have to go 22 further for now.</p> <p>23            But would you mind going back to 24 the second one that you mentioned and telling me 25 when you received that?</p>	<p>1            A     I completed that in 2005.</p> <p>2            Q     How long of a program was that?</p> <p>3            A     Certified --</p> <p>4            THE INTERPRETER: That was the certified 5 one you are talking about, right?</p> <p>6            A     [In English] Yes -- oh, sorry. 7 Sorry.</p> <p>8            [In Danish] I thought you were 9 referring to the tax auditor training, so no.</p> <p>10 BY MR. BAHNSEN:</p> <p>11          Q     Thank you. Actually, you've -- 12 you have helped me. 13            So, tax auditor training was 2005?</p> <p>14          A     Yes.</p> <p>15          Q     Okay. Thank you. 16            And then the securities training?</p> <p>17          A     Approximately 2008. I am not 18 completely sure about the year.</p> <p>19          Q     Okay. How long of a program was 20 that?</p> <p>21          A     So, this is a certification 22 offered by ISACA, I-S-A-C-A, and they -- it is -- it 23 consists of some seminar material and 200 multiple 24 choice questions -- about 200 multiple choice 25 questions about IT audit.</p>
<p>1            Q     All right. Then finally the 2 National Audit Office course, when did you complete 3 that?</p> <p>4            A     I -- I am estimating, 2009.</p> <p>5            Q     The early part or the later part 6 in 2009?</p> <p>7            A     I am guessing, before summer 2009. 8 I -- I did not prepare and go through my -- my CV. 9 I -- I can't remember the details of my résumé.</p> <p>10          Q     That is okay. What you remember 11 is fine.</p> <p>12            Okay. And then did I hear you say 13 earlier that you spent about five years as a 14 municipal auditor?</p> <p>15          MR. WEINSTEIN: Objection to form.</p> <p>16          A     Yes, correct.</p> <p>17 BY MR. BAHNSEN:</p> <p>18          Q     When was that?</p> <p>19          A     1993 to 1998.</p> <p>20          Q     Where did you go after that?</p> <p>21          A     [In English] I started in SKAT.</p> <p>22          Q     In 1998?</p> <p>23          A     Yes.</p> <p>24          Q     Okay. What was the position that 25 you started in?</p>	<p>1            A     [In Danish] So, I -- I worked in 2 the company -- company audit division. 3            [Discussion in Danish between 4 interpreter and Ms. Egholm.] 5            THE INTERPRETER: I want to say "clerk," 6 but I am not completely sure I am translating his 7 title correctly, but I get whispers from the other 8 end of the table that agree with "clerk." 9 BY MR. BAHNSEN:</p> <p>10          Q     Okay. What were your 11 responsibilities as a clerk?</p> <p>12          A     So, I, together with my 13 colleagues, we were part of selecting what companies 14 were to undergo control, and other than that, work 15 in the audit team focusing on big companies and 16 banks.</p> <p>17          Q     And how long did you hold that 18 position?</p> <p>19          A     For seven years.</p> <p>20          Q     And I'm going to intentionally 21 embarrass myself and do math, but does that mean you 22 moved to a different position in 2005?</p> <p>23          A     Correct.</p> <p>24          Q     Into what position did you -- 25 A     In -- I started in internal audit.</p>

BAHNSEN:</p> <p>9 Q When did you testify before the</p> <p>10 Commission?</p> <p>11 A So, I don't remember the date, but</p> <p>12 March 2019, I guess.</p> <p>13 Q How did you obtain a copy of your</p> <p>14 transcript?</p> <p>15 A I had counsel, who was -- who gave</p> <p>16 it to me or sent it to me.</p> <p>17 Q Who is that counsel?</p> <p>18 A So, her name was, A-N-N, middle</p> <p>19 name, R-A-S K, last name, V-A-N-G.</p> <p>20 Q Okay. Was she your counsel in</p> <p>21 connection with your testimony before the</p> <p>22 Commission?</p> <p>23 A I don't know whether you can say</p> <p>24 that she was acting in the capacity of a defense</p> <p>25 counsel, she was there to assist me and protect me</p>	<p>1 in my capacity as a witness giving testimony before</p> <p>2 the Commission.</p> <p>3 Q When did you review that</p> <p>4 testimony?</p> <p>5 A At some point during the last two</p> <p>6 weeks.</p> <p>7 Q Do you know how Ms. Vang obtained</p> <p>8 a copy of that transcript?</p> <p>9 MR. WEINSTEIN: I just want to make sure</p> <p>10 he understands that discussions between him and his</p> <p>11 lawyer could be privileged.</p> <p>12 [Question interpreted.]</p> <p>13 MR. WEINSTEIN: And he -- it is his right</p> <p>14 not to disclose information that he has discussed</p> <p>15 with his attorney.</p> <p>16 [Question interpreted.]</p> <p>17 MR. BAHNSEN: The question, I believe, was</p> <p>18 whether he knew how his attorney obtained it, which</p> <p>19 could be answered yes or no, I don't believe that</p> <p>20 calls for privileged information.</p> <p>21 MR. WEINSTEIN: Okay --</p> <p>22 MR. BAHNSEN: Can I get the answer to that</p> <p>23 question and we can consider going on?</p> <p>24 [Question interpreted.]</p> <p>25 A I don't know. So the answer is,</p>
<p>1 no.</p> <p>2 BY MR. BAHNSEN:</p> <p>3 Q Did you provide a copy of that</p> <p>4 transcript to anybody else?</p> <p>5 A I myself did not pass it on to</p> <p>6 anybody.</p> <p>7 Q But you are aware that it has been</p> <p>8 passed on to other people?</p> <p>9 A So, I know that this was in my</p> <p>10 work e-mail. I don't know whether anybody had</p> <p>11 scanned my e-mail to see whether this could be used</p> <p>12 in a -- in another context.</p> <p>13 Q Were other people copied on the</p> <p>14 e-mail that you received that attached the</p> <p>15 transcript?</p> <p>16 A No.</p> <p>17 Q Okay. Let me just make sure I am</p> <p>18 clear here.</p> <p>19 Do you know whether a copy of the</p> <p>20 transcript has been given to somebody at SKAT?</p> <p>21 A No.</p> <p>22 Q Okay. Let's move along here.</p> <p>23 I would like to talk a little bit</p> <p>24 about the internal review office in general terms.</p> <p>25 Okay?</p>	<p>1 At some point, did the name of the</p> <p>2 office change to SIR, S-I-R?</p> <p>3 A Correct.</p> <p>4 Q And so if I say "SIR," will you</p> <p>5 understand that to mean the same thing as "internal</p> <p>6 review"?</p> <p>7 A Yes.</p> <p>8 Q When was that change?</p> <p>9 A I don't remember.</p> <p>10 Q Was it while you were with</p> <p>11 internal review?</p> <p>12 A Yes.</p> <p>13 Q How are audits initiated within</p> <p>14 SIR?</p> <p>15 MR. WEINSTEIN: Objection to form.</p> <p>16 A So, typically what would happen is</p> <p>17 that we performed risk assessments of certain areas</p> <p>18 and we based our audits on the areas where there was</p> <p>19 a high risk.</p> <p>20 BY MR. BAHNSEN:</p> <p>21 Q What would constitute a high risk?</p> <p>22 A So, that could be, for example, a</p> <p>23 lack of general IT control.</p> <p>24 Q Anything else?</p> <p>25 A It could also be areas that we</p>

BAHNSEN:</p> <p>8                 Q     Was the problem that they couldn't</p> <p>9 tell how much tax was being paid by foreigners?</p> <p>10              MR. WEINSTEIN: Objection to form.</p> <p>11              A     Well, the problem was that it</p> <p>12 seemed they could not rule out that -- that more --</p> <p>13 that too much was refunded.</p> <p>14 BY MR. BAHNSEN:</p> <p>15              Q     Okay. That sounds like a problem,</p> <p>16 right?</p> <p>17              MR. WEINSTEIN: Objection to form.</p> <p>18              A     [Nodding head affirmatively.]</p> <p>19                 [Reporter requests clarification.]</p> <p>20              A     Yes. I apologize.</p> <p>21 BY MR. BAHNSEN:</p> <p>22              Q     So you agree, it is a problem if</p> <p>23 SKAT doesn't know whether it is paying too much in</p> <p>24 dividend tax refunds, correct?</p> <p>25              A     Correct.</p>
<p>1                 [Discussion in Danish between</p> <p>2 interpreter and Ms. Egholm.]</p> <p>3 MS. WEINSTEIN: Objection.</p> <p>11             A     Well, it came because of what I</p> <p>12 just mentioned before, that different units had</p> <p>13 tried to reconcile various figures and then reported</p> <p>14 to Peter loft.</p> <p>15             Q     Understood.</p> <p>16             Did you ever communicate directly</p> <p>17 with Mr. Loft?</p> <p>18             A     No.</p> <p>19             Q     So in the memo, you requested a</p> <p>20 meeting with Accounting II, correct?</p> <p>21             A     Correct.</p> <p>22             Q     How was Accounting II relevant to</p> <p>23 this issue of dividend withholding tax?</p> <p>24             A     Because Accounting and Accounting</p> <p>25 II, they handle the administration of withheld</p>	<p>1                 dividend tax refunds.</p> <p>2                 Q     And it says here that the purpose</p> <p>3 of the meeting was to create an overview of a number</p> <p>4 of things listed in a list here, correct?</p> <p>5                 A     Yes.</p> <p>6                 Q     And those things included "what</p> <p>7 information on dividends is reported to SKAT"?</p> <p>8                 A     Correct.</p> <p>9                 Q     "IT support for the task"?</p> <p>10               A     Correct.</p> <p>11               Q     "A division of the</p> <p>12 responsibilities, daily routines, case management,</p> <p>13 methods, procedures and guidance"?</p> <p>14               A     Correct.</p> <p>15               Q     And "Extraction and statistics</p> <p>16 from the systems"?</p> <p>17               A     Correct.</p> <p>18               Q     Is this information that SIR did</p> <p>19 not otherwise have available to it?</p> <p>20               A     Correct.</p> <p>21               Q     Did SKAT have any sort of internal</p> <p>22 reference documents on the various functions of the</p> <p>23 different offices?</p> <p>24               MR. BAHNSEN:      4 Q So this — this statement here      5 applies to a scheme where the correct tax is applied      6 at the first instance, correct?      7 MR. WEINSTEIN: Objection to form.      8 A Sorry, I lost my concentration for      9 a moment.      10 BY MR. BAHNSEN:      11 Q Let me try again.      12 Were you aware that there were at      13 least two different schemes SKAT used for refund of      14 dividend tax?      15 A We had — that is correct. We had      16 both the VP scheme and the spreadsheet scheme.      17 Q Was there also something called      18 the form scheme?      19 A I assume that the form scheme is      20 where you apply for a refund of withheld dividend      21 tax.      22 Q Was it your understanding here      23 that Ms. R□mer was talking about something other      24 than the form scheme?      25 A Yes.</p>	<p>1 Q Do you think she was talking about      2 the VP scheme?      3 A Yes.      4 Q By suggesting that reimbursements      5 are going down as a result of the increase in the      6 use of net settlement, did you understand that she      7 is not suggesting that the number of tax-favored      8 shareholders was decreasing?      9 MR. WEINSTEIN: Objection to form.      10 A I don't think I understood at the      11 time when I received this document.      12 BY MR. BAHNSEN:      13 Q But you understand now that those      14 two amounts may not necessarily move together,      15 correct?      16 MR. WEINSTEIN: Objection to form.      17 A Yes, I would say that, but I do      18 not remember our interpretation of this at the time      19 or our position about this at the time.      20 BY MR. BAHNSEN:      21 Q Okay. If you would, please, turn      22 to the next page.      23 A [Witness complies.]      24 Q And I am looking -- about halfway      25 down the page, there is a sentence that begins,</p>
<p style="text-align: center;">Page 72</p> <p>1 "Since the dividend tax administration has been      2 nationwide since its birth."      3 Do you see that?      4 A Yes.      5 Q The sentence goes on to say that      6 "interest in — interest in this area has generally      7 been low." Correct?      8 A Yes, correct.      9 Q Did you understand what was meant      10 by "nationwide since birth"?      11 A What it meant was that instead of      12 each individual tax center was handling the dividend      13 tax cases, this was — this was focused under one      14 unit, which was Accounting II.      15 Q Do you know why interest was low?      16 A I did not know at the time I      17 received this memo, but I learned later on.      18 Q Were you surprised at the lack of      19 interest given the amount of money that was being      20 refunded?      21 MR. WEINSTEIN: Objection to form.      22 A I was more concerned that they did      23 not take a manager's concern for — about this area      24 seriously.      25</p>	<p style="text-align: center;">Page 73</p> <p>1 BY MR. <p>1 information to calculate accurate proceeds?</p> <p>2           A     Correct.</p> <p>3           Q     And whether the business processes</p> <p>4 for collecting dividend tax are documented?</p> <p>5           A     Correct.</p> <p>6           Q     And whether accounting and IT</p> <p>7 systems adequately support the accurate calculation</p> <p>8 of net proceeds, correct?</p> <p>9         THE INTERPRETER: Sorry. Can you repeat</p> <p>10 that question?</p> <p>11 BY MR. BAHNSEN:</p> <p>12           Q     -- whether accounting and IT</p> <p>13 systems adequately support the accurate calculation</p> <p>14 of net proceeds.</p> <p>15           A     Correct.</p> <p>16           Q     And if you were to flip back very</p> <p>17 quickly to Exhibit 3170.</p> <p>18           A     [Witness complies.]</p> <p>19           Q     Are those audit goals more or less</p> <p>20 what you set out to learn in connection with the</p> <p>21 investigation?</p> <p>22           A     More or less.</p> <p>23           Q     And those are slightly different</p> <p>24 questions than whether SKAT is refunding more</p> <p>25 dividend tax than it takes in, correct?</p>	<p>1           MR. WEINSTEIN: Objection to form.</p> <p>2           A     Well, the problem was that a</p> <p>3 reconciliation had been attempted. And then the</p> <p>4 question became whether they were able to trust</p> <p>5 this.</p> <p>6           And it could have been the case</p> <p>7 that -- that they did not refund too much.</p> <p>8 BY MR. BAHNSEN:</p> <p>9           Q     So the question in the first --</p> <p>10 the first instance was whether you could calculate</p> <p>11 the proceeds, correct?</p> <p>12           A     Yes.</p> <p>13           Q     And in the process of</p> <p>14 investigating that question, you learned that it is</p> <p>15 possible for too much withholding tax to be</p> <p>16 refunded, correct?</p> <p>17           A     Yes, there are problems that could</p> <p>18 put you in that situation.</p> <p>19           Q     And the first paragraph of the</p> <p>20 final report essentially says that while you were</p> <p>21 investigating the question of reconciliation, you</p> <p>22 have determined that it is possible for too much</p> <p>23 withholding tax to be refunded, correct?</p> <p>24           A     Yes. And that also became part of</p> <p>25 the conclusion.</p>
<p style="text-align: center;">Page 108</p> <p>1           Q     And at some point, you also answer</p> <p>2 questions about the reconciliation, correct?</p> <p>3           A     Correct.</p> <p>4           Q     But it was important enough to put</p> <p>5 in the very first sentence of the report a warning</p> <p>6 about the possibility of withholding -- too much</p> <p>7 withholding tax being refunded?</p> <p>8         MR. WEINSTEIN: Objection to form.</p> <p>9         MR. BAHNSEN: I'm sorry. I'm going to</p> <p>10 actually just try that one more time.</p> <p>11           Q     It was important enough to put in</p> <p>12 the very first sentence of the report a warning</p> <p>13 about the possibility of too much withholding tax</p> <p>14 being refunded, correct?</p> <p>15         MR. WEINSTEIN: Objection to form.</p> <p>16           A     So, that is not really something</p> <p>17 we said. If you look at what it says here, it says</p> <p>18 background of the -- of the investigation.</p> <p>19           So, this section was part of the</p> <p>20 task that we were given by the permanent secretary.</p> <p>21 And along the way, we understood that we were</p> <p>22 entering complicated territory, and, therefore, we</p> <p>23 learned that along the way, we needed to tweak the</p> <p>24 audit goals slightly compared with the beginning.</p> <p>25           And that is something that we</p>	<p style="text-align: center;">Page 109</p> <p>1           discussed with our head of accounting, Mads Blokhus.</p> <p>2           MR. BAHNSEN: M-A-D-S.</p> <p>3         THE INTERPRETER: M-A-D-S, B-L-O-K-H-U-S.</p> <p>4 BY MR. BAHNSEN:</p> <p>5           Q     Okay. A little further down the</p> <p>6 page, it -- excuse me.</p> <p>7           Actually, on the second page, the</p> <p>8 third paragraph from the top, it suggests that "When</p> <p>9 a recipient of the dividend tax" -- excuse me.</p> <p>10           " When a recipient of the dividend</p> <p>11 falls under Section 2, paragraph 1 of the</p> <p>12 withholding tax" --</p> <p>13           A     I am not completely sure where we</p> <p>14 are.</p> <p>15           Q     It is the -- yeah, the second full</p> <p>16 paragraph.</p> <p>17           A     [In English] Yeah, yeah, yeah.</p> <p>18 BY MR. BAHNSEN:</p> <p>19           Q     That paragraph says that "When the</p> <p>20 recipient of the dividend falls under Section 2,</p> <p>21 paragraph 1 of the Withholding Tax Act, he can apply</p> <p>22 for a tax refund subject to this specific double</p> <p>23 taxation agreement." Correct?</p> <p>24           A     [In Danish] Correct.</p> <p>25           Q     We are -- we are talking about the</p>

<p>1      Danish Withholding Tax Act, right?</p> <p>2            A        [In English] Yes.</p> <p>3            Q        So is that the law that addresses</p> <p>4      who might apply for a tax refund if they received a</p> <p>5      dividend?</p> <p>6            A        [In Danish] Yes, together with</p> <p>7      the Double Taxation Treaty.</p> <p>8            Q        Are there any other Danish laws</p> <p>9      that you understand to govern this question?</p> <p>10          MR. WEINSTEIN: Objection to form.</p> <p>11          A        Not to my knowledge. Not to my</p> <p>12     knowledge. But I would like to refer your attention</p> <p>13     to Section 5 where we refer to different</p> <p>14     legislation.</p> <p>15          BY MR. BAHNSEN:</p> <p>16          Q        And these authorities concern</p> <p>17     Danish tax law, correct?</p> <p>18          A        Correct.</p> <p>19          Q        As far as you know, we are only</p> <p>20     talking about tax law, right?</p> <p>21          MR. WEINSTEIN: Objection to form.</p> <p>22          A        Correct.</p> <p>23          BY MR. BAHNSEN:</p> <p>24          Q        Can you turn, please, to</p> <p>25     Section 7.1.</p>	<p>1            A        [Witness complies.]</p> <p>2            Q        In the first paragraph under that</p> <p>3      heading, it says -- it says, "Several process owners</p> <p>4      share the responsibility for SKAT's process of</p> <p>5      handling dividend taxation." Correct?</p> <p>6            A        Correct.</p> <p>7            Q        It goes on to say, "No one has</p> <p>8      overall responsibility for the entire process."</p> <p>9      Correct?</p> <p>10          A        It says that "An overall</p> <p>11     responsibility has not been defined."</p> <p>12          Q        What does that mean to you?</p> <p>13          A        What it means is that somebody</p> <p>14     might have responsibility for the entire process,</p> <p>15     but it has not been described.</p> <p>16          Q        Based upon your investigation, did</p> <p>17     you understand there to be an overall responsibility</p> <p>18     for the process?</p> <p>19          A        No.</p> <p>20          Q        Is the absence of an overall</p> <p>21     responsibility a risk?</p> <p>22          A        It can be.</p> <p>23          Q        In what way could it be?</p> <p>24          A        I don't quite know how to explain</p> <p>25     this.</p>
Page 112	Page 113
<p>1            So, the problem is that if there</p> <p>2      is nobody with a general overview of the situation,</p> <p>3      things may fall between two chairs and things might</p> <p>4      end up not being handled.</p> <p>5            Q        Would another way to say it be</p> <p>6      that if you have 11 fathers, you have none?</p> <p>7          MR. WEINSTEIN: Objection to form.</p> <p>8          A        I am not familiar with the</p> <p>9      expression.</p> <p>10         BY MR. BAHNSEN:</p> <p>11          Q        Okay. Can you turn to the next</p> <p>12     page, should be the first paragraph.</p> <p>13          A        [Witness complies.]</p> <p>14          Q        It says, second sentence,</p> <p>15     "Accounting II only checks that the dividend has</p> <p>16     been declared for each stated company." Correct?</p> <p>17          A        Correct. That is what we</p> <p>18     discussed in great detail earlier on.</p> <p>19          Q        Right. And in the course of your</p> <p>20     investigation, you didn't learn that Accounting II</p> <p>21     was doing any other checks, correct?</p> <p>22          A        Yes, that is true, in connection</p> <p>23     with the reporting.</p> <p>24          MR. WEINSTEIN: Well, he said</p> <p>25     "declaration," I think it should say "declaration."</p>	<p>1            THE INTERPRETER: Okay. Could you give me</p> <p>2      just one second.</p> <p>3            [Discussion in Danish between</p> <p>4      interpreter and Ms. Egholm.]</p> <p>5          THE INTERPRETER: Just -- just checking</p> <p>6      the words "declaration" and "reporting" that I</p> <p>7      apparently switched in the two questions before.</p> <p>8          MR. BAHNSEN: So, I didn't use either</p> <p>9      word. The answer was --</p> <p>10         MS. EGHOLM: "Declared" --</p> <p>11         MR. BAHNSEN: I said "declared"?</p> <p>12         MS. EGHOLM: Mm-hmm.</p> <p>13         MR. BAHNSEN: The question was: In the</p> <p>14     course of your investigation, you didn't learn that</p> <p>15     Accounting II was doing any other checks. Correct?</p> <p>16         MS. EGHOLM: Just before that.</p> <p>17         MR. WEINSTEIN: So, his answer is saying,</p> <p>18     basically, yes, with respect to the declaration.</p> <p>19         MR. BAHNSEN: That is my understanding of</p> <p>20     the answer as well.</p> <p>21         MR. WEINSTEIN: Okay. I don't know what</p> <p>22     it says, so --</p> <p>23         MR. BAHNSEN: So, the answer says: Yes,</p> <p>24     that is true in connection with the reporting.</p> <p>25         So it should read: Yes, that is true in</p>

<p>1 connection with the declaration. Correct?</p> <p>2 Do you agree?</p> <p>3 MR. WEINSTEIN: Yes.</p> <p>4 BY MR. BAHNSEN:</p> <p>5 Q So, let me just -- just to make it 6 a little clearer, let me ask the question again, if 7 I may, please.</p> <p>8 [Question interpreted.]</p> <p>9 BY MR. BAHNSEN:</p> <p>10 Q In the course of your 11 investigation, you didn't learn that Accounting II 12 was doing any other checks, correct?</p> <p>13 A Are you saying in relation to or 14 in general?</p> <p>15 MR. WEINSTEIN: Can I make a suggestion, 16 because I think your question had some context to it 17 that is now getting lost.</p> <p>18 MR. BAHNSEN: Yeah.</p> <p>19 MR. WEINSTEIN: If we all agree that the 20 word was "declaration," we will fix that.</p> <p>21 MR. BAHNSEN: Sure.</p> <p>22 MR. WEINSTEIN: I think it is hard for him 23 to go back and recreate a series of questions.</p> <p>24 BY MR. BAHNSEN:</p> <p>25 Q Can you turn, please, to</p>	<p>1 Section 7.3, specifically, to the paragraph -- this 2 is the very last sentence on the page with heading 3 7.3.1.</p> <p>4 A [Witness complies.]</p> <p>5 Q It says, "Therefore, a prompt 6 request for refund may result in the reimbursement 7 of dividend tax to shareholders before the withheld 8 dividend tax is declared and paid."</p> <p>9 A Correct.</p> <p>10 Q Again, this is the issue we 11 discussed before, correct?</p> <p>12 A Correct.</p> <p>13 Q And so your investigation did not 14 uncover any evidence to the contrary, correct?</p> <p>15 A [In English] No.</p> <p>16 Q Next paragraph, it says, 17 "Accounting II does not carry out checks on whether 18 the investor in question is actually a shareholder 19 in the company."</p> <p>20 A [In Danish] Correct.</p> <p>21 Q Again, your investigation did not 22 uncover evidence to the contrary, correct?</p> <p>23 A [In English] No.</p> <p>24 Q That sentence goes on to suggest 25 that "Accounting II does not carry out checks on</p>
<p>1 whether the investor in question is, in fact, liable 2 for tax in the foreign country."</p> <p>3 A Correct.</p> <p>4 Q Same question: Did your 5 investigation uncover evidence to the contrary?</p> <p>6 A [In English] No.</p> <p>7 Q Next paragraph, "The use of 8 omnibus accounts means that multiple dividend notes 9 are printed for each share, it makes it difficult to 10 check whether dividend tax is recovered more than 11 once per share."</p> <p>12 A [In Danish] Correct.</p> <p>13 Q And you did not uncover evidence 14 to the contrary in your investigation, correct?</p> <p>15 A No.</p> <p>16 Q Next paragraph discusses omnibus 17 accounts, again. And the end of the paragraph says 18 that "The real owners of the shares are not known. 19 So refunds are paid without proof of ownership and 20 actual distribution." Correct?</p> <p>21 A Well, correct. And I refer your 22 attention to the -- one of the sketches or diagrams 23 that is included in one of the attachments.</p> <p>24 Q And that diagram explains why the 25 identity of the shareholder is not known, correct?</p>	<p>1 A Correct.</p> <p>2 MR. BAHNSEN: Would you like to take a 3 break?</p> <p>4 THE INTERPRETER: Yes.</p> <p>5 THE WITNESS: Yes.</p> <p>6 MR. BAHNSEN: What would you like?</p> <p>7 THE WITNESS: I would say five minutes and 8 then move on.</p> <p>9 MR. BAHNSEN: Go off the record, please.</p> <p>10 THE VIDEOGRAPHER: Okay. Standby.</p> <p>11 Time is 10:55 a.m. New York time, and we 12 are going off the record.</p> <p>13 [Whereupon, a recess transpired 14 from 10:55 a.m. until 11:13 a.m.]</p> <p>15 THE VIDEOGRAPHER: Okay. BAHNSEN:</p> <p>19 Q Mr. Daugaard, before the break, we 20 were talking about some of the statements in the 21 final report, correct?</p> <p>22 A Correct.</p> <p>23 Q And if you go back to the second 24 paragraph on the page with Bates numbers ending 25 -1065.</p>

1	<p><b>A</b> Correct.</p> <p>2 BY MR. BAHNSEN:</p> <p>3       <b>Q</b> The next one, "There is no 4 reconciliation between the dividends declared and 5 the dividends reported." Correct?</p> <p>6       <b>A</b> That is correct.</p> <p>7       <b>Q</b> Next, "Dividend tax can be 8 refunded before the tax is paid to SKAT." Correct?</p> <p>9       <b>A</b> Also, correct.</p> <p>10      <b>Q</b> Next one, "Omnibus accounts means 11 that several dividend notes are printed for a single 12 share." Correct?</p> <p>13      <b>A</b> Correct.</p> <p>14      <b>Q</b> There is no check as to whether 15 dividend tax is requested more than once per share, 16 correct?</p> <p>17      <b>A</b> Correct.</p> <p>18      <b>Q</b> And there are no checks as to 19 whether the investor is actually a shareholder, 20 correct?</p> <p>21      <b>A</b> Correct.</p> <p>22      <b>Q</b> Okay. From your perspective -- 23 well, are any of the other conclusions stated in 24 this report misstated in any way?</p> <p>25      <b>A</b> Not to my knowledge.</p>	<p>1       <b>Q</b> So, you agree with the statements 2 that are made in this report, correct?</p> <p>3       <b>A</b> Yes. I was the one to write them.</p> <p>4       <b>Q</b> How serious are any of these 5 problems that you identified?</p> <p>6            MR. WEINSTEIN: Objection to form.</p> <p>7       <b>A</b> Are you asking which are the most 8 serious or are you asking about all of them?</p> <p>9 BY MR. BAHNSEN:</p> <p>10      <b>Q</b> Let's take the first question 11 first. 12            Did any one of these problems 13 strike you as the most serious?</p> <p>14      <b>A</b> I am only just now understanding 15 the question. 16            Well, the major problem here was 17 that there was no way to actually check who was the 18 share owner. 19            And another big problem was that 20 you could have several dividend notes for omnibus 21 accounts.</p> <p>22      <b>Q</b> With respect to the first thing 23 you just mentioned, what is the risk to the Danish 24 treasury?</p> <p>25            MR. WEINSTEIN: Objection to form.</p>
1	<p>1       <b>A</b> So, one of the risks that the 2 Treasury is facing that somebody get hold of 3 somebody else's dividend note and make changes and 4 thereby commits fraud.</p> <p>5        MS. EGHLOM: I don't think he said 6 "Treasury." He said "one of the risks" --</p> <p>7        THE INTERPRETER: "One of" -- 8            [Discussion in Danish between 9            interpreter and Ms. Egholm.]</p> <p>10      THE INTERPRETER: I translated what he 11 answered to your question about the Treasury, I said 12 that "the Treasury is facing," and so on.</p> <p>13      Instead, it should have been "One of the 14 risks that you are facing is that somebody will get 15 hold of a dividend note and then the note is changed 16 and there by fraud is committed."</p> <p>17 BY MR. BAHNSEN:</p> <p>18      <b>Q</b> Was that a specific risk that you 19 were envisioning when you wrote this?</p> <p>20      <b>A</b> Yes, I think so.</p> <p>21      <b>Q</b> So, if you could check who the 22 actual owner of the share is, that would have been 23 an improvement to the system, correct?</p> <p>24      <b>A</b> Correct, or if you had introduced 25 net settlement.</p>	<p>1       <b>Q</b> That would have been another way 2 to resolve this issue?</p> <p>3       <b>A</b> Yes.</p> <p>4       <b>Q</b> And did you understand whether 5 there were efforts to implement net settlement?</p> <p>6       <b>A</b> Not at the time. And this issue 7 has yet to be resolved.</p> <p>8       <b>Q</b> So you just mentioned two options 9 to resolve the issue. 10            Is it your opinion that SKAT 11 should have found a way to do one or the other?</p> <p>12            MR. WEINSTEIN: Object to the form.</p> <p>13      <b>A</b> So, both methods work, but I would 14 say that net settlement is always going to be the 15 better way because that is how we do this in 16 Denmark. Because then you would get around all the 17 refund applications.</p> <p>18 BY MR. BAHNSEN:</p> <p>19      <b>Q</b> Understood. 20            Either way, your opinion is that 21 SKAT should have done something to correct this 22 problem, right?</p> <p>23      <b>A</b> So, we should have raised the 24 issue with the ministry, but there is also a 25 structural issue when it comes to putting the</p>

<p>1           A       Correct.</p> <p>2           Q       Did you ever discuss the audit</p> <p>3 report with Mr. Rasmussen?</p> <p>4           A       So, in connection with Kjeld</p> <p>5 Rasmussen having to sign the report, I remember him</p> <p>6 having some questions about this. I cannot remember</p> <p>7 specifically about what.</p> <p>8           But we discussed the questions he</p> <p>9 had and then he signed the report.
